Gift of Travel Wedding Registry Simplicity and Security

How Does it Work?

When you plan your destination wedding or honeymoon with a Vision 2000 Travel Advisor, we offer to build you a customized website with which you have the option to include an online gift of travel wedding registry.

Your gifts are loaded into the registry and your guests have the opportunity to purchase a wedding gift for you from the gift of travel gift registry. A credit card transaction is authorized by your guest via a secure web page and the transaction itself is completed offline to ensure a high level of security.

Gift of Travel Gift Registry

The bride and groom have chosen to include a Gift of Travel Registry for their guests. If you choose to give the Gift of Travel you will not be required to provide any payment details online. Your intent to purchase the Gift of Travel will be emailed to the Vision 2000 Travel Advisor working with the bride and groom and they will contact you to complete the transaction.
